Get Full Earning Power from Farm Machinery

What Means Most to You is What We Try Most to Give

There is only one way to buy an implement economically.

Buy it on the basis of its earning power.

Buy it for its ability to do good work for you right from the start and year after year.

It is our aim to sell full earning power every time we sell a farm implement.

That is why we buy from a firm that takes every care to maintain its reputation for making only good implements.

—why we show you the implements before you buy so that you can be sure it fits your requirements,

—why we set the implement up exactly right before we turn it over to you,

—why we are always ready to help you understand every adjustment before you start operating the implement,

—why we maintain a prompt repair service so that when parts become worn, you can renew them without loss of time,

All of those things go to insure full earning power. Yet their great importance is sometimes overlooked. You will appreciate the care we take in observing them.

Come in and see us whenever you need a farm implement.

William Laut,
Groceries, Hardware, Implements, Harness.

UNPREPAREDNESS — FAILURE

A bank account is an assistant in character building. It establishes the confidence, independence and pride which increases effort and paves the way to success.

Local and General

We understand that J. Smart jr. has purchased the Fenwick property on the West side of town. Mr. W. Fenwick and family are moving on the farm which they recently purchased a few miles West of Crossfield.

Mr. C. Keil who recently sold his farm and stock, left on Saturday last for Poyallup, Wash. U. S. A. where he will join Mrs. Keil who has been there for some time.

Mrs. Jackson, an aged woman of 77 years, who came into the district recently, died last Saturday, the immediate cause being la grippe. The funeral took place on Monday, the service being conducted by Rev. R. K. Swenerton.

The Trail Rangers are holding an Athletic meet next Saturday morning, the events including broad jump, high jump, one potato race, three potato race and floor push.

Private Funds to Lend.—J. P. Hays, Carstairs.

The next of the series of "Birth-day Teas" will be held at the home of Mrs. A. W. Gordon, on Saturday, April 24th. Everybody welcome and cordially invited.

CHURCH OF THE ASCENSION.
Sunday, April 25th.
10 a.m. — Sunday School.

UNION CHURCH, CROSSFIELD.
Rev. R. K. Swenerton, B.A., B.D., Pastor.

Mr. S. Willis, Musical Director.
Mrs. M. Thomas, Organist.
Mr. D. A. Jeffery, Sunday School Superintendent.

Sunday School & Bible Class 2 p.m.
Frescoing Service at 7:30 p.m.

Sunday, April 25th. The Pastor will preach. Miss Richards will sing a solo. A warm welcome at Union Church.

The Annual Meeting of the Ladies Aid for the receiving of reports and election of officers, will be held on Wednesday, May 5th, at 3:30 p.m. in the Church. Refreshments will be served.

The Annual Congregational Meeting and Social of the Union Church will be held Friday, May 7th, in the Church. Reports will be received from the different appointments and organizations for the Church year ending April 30th.

Sunshine U.F.A. Local No. 538, will hold a Regular Meeting, on Friday Evening, April 30th.

Subject: Discussion of the Constitution. The question box will be in order. We want the ladies to meet us at this meeting.

Everybody is invited to be present.
E. D. High, Sec.-Treas.

Arrangements have been made to put on the play "Safety First" at Carstairs on May 14th, in aid of the Crossfield Agricultural Society.

Having rented the Cowling Barn and in view of the shortage of feed, on and after April 1st, 1920, I intend to rent stalls without feed. Prices, 15 cents for single stalls and 25 cents for double stalls. This will continue until feed conditions improve.

Canada's and the World's Need

Occasions arise when it becomes the patriotic duty of every man, and woman too, to forget, neglect, even sacrifice, their own work and interests for the general good of their country. Such an occasion arose with the outbreak of the Great War. The happiness and comfort of home, success in business achievement, the general betterment of one's position in life and the promotion of the family's welfare, usually and properly the chief worldly concern of any person, suddenly became matters of minor importance. The liberty of the whole human race, the basic principles on which civilization rests, the ideals and independence of the nation itself, were jeopardized and their destruction threatened. In these circumstances, one's devotion to purely personal interests became utterly selfish and unworthy.

Generally speaking, a man serves his country and the cause of humanity ably and well when he devotes his best thought and energies to the every day work which calls for attention, providing the work in which he is engaged is legitimate and worthy. It should not be, of course, a selfish absorption in his own interests to the exclusion of everything else. It should not be a miserly regard for personal gain irrespective of the effect on others, and wholly neglect of the finer things in life and of community and national interests. But, on the whole, the person who does his work faithfully and well is serving his country and fellowmen at the same time.

This, let it be repeated, is true as a general proposition, but it was never more universally true than it is at the present time. The needs not only of Canada, but of the whole world, the needs of that civilization which was saved from destruction on the battlefields of the world during the historic years 1914-1918, call imperatively to every Canadian to "be on the job," doing his own particular work at this time.

There is no need for emphasizing this fact because there is in evidence on all sides of an inclination to "let up," to put less effort into one's work, in a word, to get through the day as quickly and easily as possible. This is at a time when, because of the wholesale destruction of goods and wealth caused by the war, there is greater need than ever before for a maximum of productive effort. As we have been pointed out over and over again, not only do men insist upon easier work, shorter hours of labor, more pay and more of the good things of life, but they become indignant if the price of these goods goes up. Yet it must be apparent to all intelligent and reasonable men that if less is produced and more is consumed scarcity must result and a rise in prices becomes inevitable as the force of gravity.

This general relaxation is, however, a natural sequence of the war, and it

is not confined to any one class of the population of this and other countries. It is manifest in all ranks of society. During the war there was a tremendous urging of farmers to work early and late and increase food production, and of all industrial workers to turn out a maximum of goods. This same incentive to effort was urged in connection with the Victory Loan, Patriotic Fund, Red Cross, and other drives. It found general expression in work, service, sacrifice. Everybody was living at high tension.

It is inevitable and only human nature that such a strain, for which many were ill-prepared, should be followed by a reaction, and with the relaxed tension there should come a period of slackness, lessened production and lack of interest in work. It is the same feeling which forces a man after a period of tense application to take a holiday. The war saw an extreme of work and sacrifice; now we are having an extreme of slackness and selfishness, wherein everybody wants as much as possible by giving or paying as little as possible.

But along this path lies individual and national loss and, if persisted in, ultimate disaster. If we all look upon the world as our orange to be squeezed dry, at a time when a desperate struggle is in progress to rehabilitate it, then we are but hastening our own disappointment and increasing our loss. On the other hand, the man or woman who refuses to let themselves down, and who sticks to their job now will find in a comparatively short time that they have not only rendered real service to their country and the world, but that they have enormously advanced their own interests and placed themselves in a strong position to meet and overcome any of the adversities which may yet have to be faced before this old world is again established on a normal foundation.

BILIOUS!

Quick! Get Liver and Bowels Right with "Cascarets"

Furred Tongue, Bad Taste, Indigestion, Sallow Skin, and Miserable Headaches come from a torpid liver and sluggish bowels, which cause the stomach to become filled with undigested foods, which sour and ferment, forming acids, gases and poisons. Cascarets tonight will give your bilious liver and constipated bowels a thorough cleansing and straighten you out by morning. Cascarets never sicken or inconvenience you like nasty Calomel, Salts, Oil, or gripping pills. They work while you sleep.

Among many people sneezing is interpreted as a sign of evil fortune. By many it was once believed to be lucky from noon to midnight and unlucky from midnight to noon.

Will Locate in B.C.

Iron and Steel Industry On The Pacific Coast

A powerful British iron and steel company will locate in British Columbia and establish a complete plant for turning out all products of the industry, according to advice received at Vancouver, B. C., from England. Work on preliminaries connected with this firm's flotation for activity in western Canada has already been started. This company will be capitalized at five million pounds sterling, and will work in British Columbia with an established coal company having rail and water connections. Native ores of British Columbia are to be utilized.

THANKFUL MOTHERS

Once a mother has used Baby's Own Tablets for her little ones she would use nothing else. The Tablets give such results that the mother has nothing but words of praise and thankfulness for them. Among the thousands of mothers throughout Canada who praise the Tablets is Mrs. David A. Anderson, New Crossway, N. S., who writes:—"I have used Baby's Own Tablets for my children and from my experience I would not be without them. I would urge every mother to keep a box of the Tablets in the house." The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach; drive out colic, wind and indigestion; break up colds and simple fevers and make everything easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

Transaction of National Importance

Sun Life Assurance Co. Purchase Block of United Grain Growers Twenty Year Bonds

A financial transaction of national importance, but of special interest to the farmers and grain growers of the West, has just been completed between the United Grain Growers and the Sun Life Assurance Company of Canada, according to an announcement obtained by this newspaper from Mr. E. A. Macnutt, treasurer of the Sun Life.

The remarkable growth and the vast amount of good accomplished by the United Grain Growers in their measures of co-operation in the marketing of grain, etc., for the farming community of Western Canada are well known. The board of directors of the United Grain Growers intend to branch out on a still larger scale, and has just authorized an issue of two million dollars of six per cent. first mortgage twenty year gold bonds.

Three quarters of a million of this issue has just been purchased by the Sun Life of Canada, and the remainder of the issue when needed by the Grain Growers will be offered to the Sun Life.

This is an instance of a Canadian life company which draws its resources in the way of premiums from the public, directly assisting a co-operative enterprise of a very important section of the people.

The bonds are secured on the elevators and real estate of the Grain Growers spread over the provinces of Alberta, Saskatchewan and Manitoba, and the Company is composed of more than 30,000 shareholders who reside in these western provinces and are farmers and grain growers.

The head office of the United Grain Growers is in Winnipeg and the officers are: president, Hon. T. A. Greer; 1st vice-president, G. Price Jones; 2nd vice-president, J. Kennedy; secretary, J. A. Hand; treasurer, F. M. Black. The head office of the Sun Life is in Montreal.

Minard's Liniment Relieves Neuralgia

Food Shortage in Egypt
Food shortage in Egypt is being seriously felt in wheat provisions. Natives are unable to obtain wheat flour. Discontent is increasing in consequence.

In relation to all imports of food scarcity in Egypt, it is well to remember that for several years, owing to the fabulous value of cotton, Egyptians neglected the cultivation of foodstuffs.

Big Road Contracts to be Let

Eight Hundred Miles of Road to be Built in Manitoba

Tenders for grading about 800 miles of roads will be called for in Manitoba within the next two months, according to information supplied by the province. This work will be let in contracts of from two to 75 miles. The work will be done under "The Good Roads Act," which has been in successful operation for the past six years. Up to the present, about 1,200 miles of work has been graded and about 400 miles travelled under the act.

In addition to the road work, it is expected that over 100 concrete bridges will be constructed. The bridge work will include a steel bridge 630 feet long over the Red River; a concrete arch 100 feet clear span over the La Salle River; several bridges of concrete over the Assiniboine River, and a number of bridge from 30 to 50 feet clear span. Up to date, 384 bridges have been built under "The Good Roads Act," of which 271 were of concrete.

It is expected that over 4,000 miles of grading will be done in Manitoba within the next four years, and a large percentage of this mileage is to be gravelled.

LOST, a Lady's PURSE, containing a
sum of money and some papers. Thurs-
day, April 26th near the U.F.A. Office.
Finder please notify Postmaster.

John Belding is open to take in
orders for Plowing Gardens, etc.
Manure carted or general Draying
Orders will be received at the old
Cowling Barn, Crossfield.

Norman D. Dingle, who recently
passed the final examination of the
Alberta Law Society, has gone into
partnership with J. A. Valiquette,
301 First Street West. Mr. Dingle
returned to Calgary from overseas
service last year.

The prevailing bad weather is
being seriously felt locally, the feed
proposition is no doubt acute and
working the land is absolutely out
of the question. However it is said
that "It's a long lane without a
turning" also "There's a silver lining
to every cloud". We have just
got to keep smiling and wait for the
"Turning" and the "Silver Lining".

A most enjoyable evening was
spent at the Alberta Hotel on Sat-
urday last, when the Churchward-
ens and Vestrymen and wives, to-
gether with the Women's Guild of
the Church of the Ascension fore-
gathered at supper in honor of the
visit of Archdeacon Hayes. The Rev.
J. P. Dingle, in presiding, spoke of
the pleasure it gave them all to wel-
come the Archdeacon to the parish
on such a happy occasion, while
the sentiments of the congregation
were feelingly voiced by Mr. R.
Whitfield, People's Warden.

Archdeacon Hayes responded at
some length, dealing more particu-
larly with his work in connection
with the Forward Movement and
congratulating Crossfield on the ex-
cellent showing it had made.

Mr. Wm. Garner, of Western Can-
ada College, in a humorous speech,
expressed his happiness and satisfac-
tion at being present, felicitating
the parish on the spirit of brotherly
love and goodwill so abundantly
manifested, even to the stranger
within the gates.

Before the gathering broke up, a
hearty vote of thanks was passed to
Mr. and Mrs. Conrad for the most
bountiful repast provided by them.

Among those present were Mrs. J.
P. Dingle, Mr. and Mrs. Ivor Lewis,
Mr. and Mrs. R. Whitfield, Mrs.
Conrad, Mr. and Mrs. Geo. McLeod,
Mrs. McFarlane, Mrs. W. McRory,
Mr. and Mrs. Pakenham, Mrs. Pul-
lan, Mrs. Stevens, Mrs. Merrick
Thomas, Mr. F. L. Watters, and
Mrs. S. Willis, President, Women's
Guild.

For Quick Sale, list your land with
D. P. Hays, Carstairs, Alberta.

MARRIAGE

In St. Barnabas church Hillhurst,
on Wednesday afternoon at 8 o'clock
the marriage took place of Gudmund
Johnson of Crossfield, to Miss Mar-
ion N. Greer of Luthen, County
Armagh, Ireland. Rev. J. P. Din-
gle officiated. Mr. and Mrs. John-
son will reside on the groom's farm
south east of Crossfield. Mr. John-
son served with the 269th battalion,
Canadian Rifles in Siberia for a time.
We join in wishing the couple much
happiness.

J. L. McRory.

Gopher Competition

March 30th 1920.

The Secretary-Treasurer,
School District.

Dear Sir,

The Council of the Muni-
cipal District of Rosebud offer three cash
prizes viz: First \$5.00, Second \$3.00,
Third \$2.00 to the pupils of each School
District within the Municipality for the
destruction of Gophers under the follow-
ing conditions,
(1) The total catch, for any school shall
not be less than four hundred.
(2) The tails only be required to count.
(3) All counting to be done and the
tails immediately destroyed in the pre-
sence of the teacher.
(4) Competition to close May 17th,
next at noon.
(5) The teacher immediately after above
date to send to W. McRory, Sec. Treas.
Crossfield, a certified return of the
names of those returning the First, Sec-
ond and Third highest numbers, also
the grand total of all tails returned by
the pupils of the school.

Further a Grand Prize will be paid to
the pupil within the Municipality who
returns the greatest number, of TEN
DOLLARS.

Please use your best efforts to make this
a success.

By Order of the Council,
W. McRory, Sec. Treas.

GENERAL SUPPLIES LIMITED
CALGARY, ALBERTA

West Demands Control of Our Natural Resources

Ottawa.—Development of Canada's natural resources and establishment of a more uniform system of experimental farms came up for discussion in the house of commons. The first question, that of natural resources, was raised on a motion by Captain Manion, Fort William and Rainy River; the second by Donald Sutherland, of South Oxford. Western members seized the opportunity again to urge transfer of western resources to the provincial governments. Dr. Cowan, Regina, argued that had the western natural resources been in the hands of the provincial governments, action to develop them would have been taken long ago. The present situation was "impossible."

"I myself heard Sir Robert Borden declare in 1911 that he would do all in his power to see that the resources were turned over to the provinces," Dr. Cowan declared further. He spoke of millions of feet of lumber and millions of tons of the best coal in Canada, lying with eight miles of the government-owned railway.

In his motion, Captain Manion urged that the government should, as soon as possible, "bring forward a policy having for its object the development of the natural resources of Canada."

He spoke on the need for developing Canada's resources. The government might take over development itself, or assist private enterprise. Capt. Manion did not stipulate that the government should adopt any particular method, but he strongly advised immediate action.

Major Redman, Calgary, favored scientific research in every possible way and advocated establishment of a government bureau on natural resources similar to that of the United States. There was plenty of coal in Alberta if railway rates could be modified to compete for eastern trade.

Buy U. S. Securities

London.—The British treasury announces that after April 12, 1920, will be prepared to offer prices for certain American dollar securities deposited with the government.

Albania Recognized

Rome.—Official recognition of the government and autonomous constitution of Albania has been extended by the Italian government according to the Epoca.

Appeal for Funds

To Help League

God Help Our Children If League Is Allowed to Withier and Die

London.—Earl Grey, Premier Lloyd George, Admiral Beatty, former premier Asquith, Lord Robert Cecil, and John R. Clynes published an appeal in the London Times for 1,000,000 pounds sterling, "to keep fresh in the minds of the people of this country the spirit and ideals which underlie the covenant of the League of Nations."

The appeal points out what the League of Nations union has already done in its education campaign. It says that a million pounds sterling sounds like a large sum but that if the British people do not support the League of Nations with all their might and resources, "the league itself will assuredly wither and die and if the league should die, God help our children, for no human agency can save them from calamities to which those of our late war will appear as the merest trifle."

Says Sims Was Indiscreet

Rodman Criticizes Rear Admiral For Publishing Confidential Conversation

Washington.—Admiral Hugh Rodman, commander-in-chief of the Pacific Fleet, told the senate investigating committee today that Rear Admiral Sims' letter to Secretary Daniels criticizing the navy's part in the war, was "very indiscreet."

"Admiral Sims' indiscretions," he said, "lay very particularly in his breach of confidence in making public an intimate and confidential conversation, which should have been held secret."

The witness referred to Sims' testimony that Admiral Benson, former chief of naval operations, told him prior to his departure for London, "not to let the British pull the wool over your eyes; we would as soon fight them, as the Germans."

Admiral Rodman said the publication of that statement by Admiral Sims, "no doubt has had its effects upon the cordial relations which heretofore existed between us and one of our closest allies."

Abandon Control of Newspaper

Announcement Follows Decision Of Supreme Court in Price Bros. Case

Ottawa.—The board of commerce announces that it will not henceforth claim to exercise any control whatever over newspaper paper in Canada. The announcement follows the decision of the supreme court in the Price Brothers case that newspaper paper was not a necessity of life within the meaning of that expression in the Combines and Fair Prices act and that the powers exercised by the board of commerce as newspaper controller were without jurisdiction. The board points out that the effect of the supreme court's decision is to render inoperative the orders-in-council constituting the board of commerce as controller of newspaper paper in Canada, and for this reason the board announces its intention of abandoning the control of newspaper, unless the board is subsequently invested, if that be legally possible, with competently-granted power.

The board's announcement adds that the supreme court's decision does not involve the general powers of the board of commerce, except in so far as it, to some extent, limits the interpretation which the board might place on the expression, "necessity of life." The general powers, it is added, will be pronounced upon by a subsequent decision of the court.

This decision will follow a rehearing in the supreme court on May 4, next, of certain points in the recent argument heard in the court to test the powers of the board of commerce as a price-fixing tribunal.

Farmers Want Toronto World

Toronto, Ont.—Negotiations are under way for the United Farmers of Ontario to purchase the Toronto World, according to information in circles well informed of the farmers' plans.

For Wheat Deliveries

New Regulations On Deliveries Of Wheat Promulgated By Board

Winnipeg.—The Canadian wheat board has issued a regulation (95) for the delivery of wheat by milling licensees, effective from this date inclusive, which orders:

1.—All wheat purchased by the milling licensee of the board shall, on demand, be delivered to the board.

2.—Until July 31, 1920, the board will purchase, or provide a purchaser for all wheat grown in the provinces of Manitoba, Saskatchewan and Alberta, delivered by any milling licensee of the board in store:

The Canadian government elevator at Calgary, Saskatoon or Moose Jaw. A public terminal elevator at Fort William or Port Arthur.

Other elevators in Ontario and Quebec as specified.

Providing such milling licensee declares to the board on or before July 15, 1920, the quantity and grade of wheat intended to be delivered to the board in store, the elevators herein before designated and on production of the proper documents of title, will pay or cause to be paid to the holder of such documents of title, the cash payment fixed by other regulations of the board, basis in store at public terminal elevator at Fort William or Port Arthur, for the quantity and grade of wheat represented by such documents of title, together with an assessment paid to the board thereon, in accordance with the regulations of the board.

3.—Until June 30, 1920, the board will purchase or provide a purchaser for all wheat grown in the province of British Columbia delivered by any milling licensee of the board in store at the Canadian government elevator, Vancouver, provided such milling licensee declares to the board on or before June 15, 1920, the quantity and grade of wheat intended to be delivered to the board in store at the said elevator and on production of the proper documents of title, will pay or cause to be paid to the holder of such documents of title, the cash payment fixed by other regulations of the board, basis in store at the Canadian government elevator, Vancouver, for the quantity and grade of wheat represented by such documents of title, together with any assessments paid to the board thereon in accordance with the regulations of the board.

French Troops Clash With Mob At Frankfurt

Germany Would Send Arms to Irish

Report of Uprising on Easter Is Said To Have Been Confirmed

London.—Recent unconfirmed reports of a Sinn Fein plot for an armed uprising in Ireland were based on fact, according to the Irish police. They state that they are in possession of information not only indicating that a rising was intended, but that certain Germans in Berlin had engaged to furnish war material.

In this connection Thomas J. Loughlin, a Dublin business man and a member of the Sinn Fein, has been arrested under the Defence of the Realm act. No definite charge has as yet been deferred against him, but the Irish police state that his arrest was effected after they had learned that he was a party to a treaty with the Germans for arms and ammunition.

With Loughlin's name, the police link that of Baron Lewis Von Horst, a former resident of the United States, who is now in Berlin, with whom it is alleged Loughlin was negotiating.

Tried to Destroy Mines

Bocheviki Troops Plundered Stores And Fired at Inhabitants

The Hague.—The Nieuwe Courant, describing the plundering of Essen by the Reds before the occupation of the city by government troops, says:

"Part of the retreating Red troops gathered during the morning in Essen, captured all the arms which they had delivered, plundered the shops and finally left the town in automobiles, firing at the inhabitants. The Red army commander ordered that the mines be blown up, but the mine guards succeeding in repulsing the Reds, although great damage was done to the mines."

Bottomp, in the Recklinghausen region, is also in the hands of the government troops.

The occupation of the Mayence district also was a violation of the peace treaty, says The Hague Vadenland, in an article declaring that the German action in the Ruhr district likewise was contrary to the treaty of Versailles.

Strike Leaders Are Nominated

Winnipeg.—R. B. Russell, George Armstrong, W. A. Pritchard and R. J. Johns, four of the convicted strike leaders, were nominated for seats in the provincial legislature at a meeting of the Winnipeg branch of the Socialist party of Canada tonight. As Rev. William Ivens is on the tentative slate of nominations made by the Dominion Labor party last week and Alderman Carr will, it is understood, be the nominee of the Social Democrat party, six of the seven strike leaders given jail terms, are likely to figure in what will undoubtedly be the most unique election in the history of Manitoba.

Newsprint Will Be Exhausted in 10 Years

Cleveland.—Newspapers on this continent will be without paper at the end of ten years unless there is conservation of pulp, declared Jason Rogers, publisher of the New York Globe, at a meeting of the Cleveland Advertising Club today.

"The output of print paper is now doubling rapidly," he said, "and the outlook at the pulp mills of Canada and United States will not be adequate to meet the demand, even if the supply of spruce timber holds out."

Rhine Republic Is Likely

Paris.—The newspapers of Berlin say today that news received from all parts of the Rhine provinces imparts the proclamation of a Rhine republic is imminent, according to despatches from the German capital.

W. N. U. 1311

Mayence.—Disturbances broke out in Frankfurt today, but energetic intervention by the French troops restored order. From German sources it is learned that six Germans were killed and 35 wounded.

It is reported that the manifestations, which gave rise to these incidents were due to an order originating in Berlin.

"The first day of the occupation of Frankfurt passed without incident; the reception was by the populace was most cordial," said General Degoutte, the French commander, on his return from a tour of inspection.

"Then suddenly, on orders from Berlin, a certain ferment seized the population. This ferment degenerated into aggression and our soldiers in self-defence were obliged to use their arms. So far as I know we had no losses."

"The incident shows how we must watch proceedings in Berlin, and that is why the events in the Ruhr demand my whole attention, you cannot consider what is going on in the Ruhr and here, apart; there is a close relation between the events we are witnessing today. The aggressions at Frankfurt and events in the Ruhr are attributable to the same military reaction. Of that we have absolute proof."

Australia Delays Action

London.—The Daily Mail's Sydney correspondent says that the Commonwealth government is not taking action regarding the taking of pictures in the Imperial conference. It adds that Canada's decision to not enlarge her navy has caused local anxiety regarding the race of the Pacific.

All-Canadian Film Service

Legislation to Amend Moving Picture Act in British Columbia Planned

Victoria.—Legislation to amend the British Columbia Moving Picture Act, designed to authorize the creation of machinery for the taking of pictures in British Columbia of an educational nature and for their exhibition in the "Movies" and amusement houses of Canada, was introduced here by Hon. J. W. Deb Farris, attorney-general. The amendment is interpreted to contemplate the inauguration of an all-Canadian film service in the matter of purely educational and domestic subjects peculiar to the Dominion.

France Consulted With Allies
A note by Premier Millerand was read to the ambassadors today and then delivered to the German charge, Wilhelm Von Mayer, in which the premier declared that France had taken great care to inform and consult with the allies before occupying the Rhine cities.

Says They Helped Her Aching Back

MRS. ROBERT BAIRD TELLS OF DODD'S KIDNEY PILLS

Belmore Lady states that she was weak and run down till she found relief in Dodd's Kidney Pills.

Belmore, Ont., April 12th—(special)—"I can assure you that Dodd's Kidney Pills helped my aching back as none others ever did or ever will do."

It is Mrs. Robert Baird, a well known and highly respected resident here who makes this statement. She is an enthusiastic believer in Dodd's Kidney Pills as a remedy for weak and run down women.

"I was both weak and run down all last summer," she states further, "and before my baby was born I used Dodd's Kidney Pills. They helped me in every way. I also had my little boy take them and they benefited him greatly."

Women who are weak and run down should look first to their kidneys. No woman can be strong and healthy if her kidneys are not doing their full work of straining the impurities out of the blood. Weak kidneys are the cause of nine out of ten women's ills. Ask your neighbors if Dodd's Kidney Pills do not make strong healthy kidneys.

The First Choice

THE reputation of the Silverplate of William Rogers and his Son for high craftsmanship and quality is widely spread throughout the Dominion. For more than three generations this famous ware has been known as "The Best at the Price."

Hagersville, Ont.

West Is Demanding Completion of the Hudson Bay Road

Resume of address of J. A. Campbell, M.P., at the Forum, Ottawa, on Sunday evening, March 21.

For practically half a century there has been an insistent demand on the part of the west for a railway to Hudson Bay as part of an overland route. This was subsequently recognized as a national project, was advocated and construction promised by leaders of all political parties from Sir Charles Tupper to the present.

The country generally recognizes the strategic importance of the Hudson Bay and its commercial value as a water route to the east, and it was estimated that 10 per cent. to 15 per cent. of the value of wheat and other products from the prairie might be saved by this means of transportation, the railway being looked upon as a bridge from the fertile plains of the west to the seaboard at one of the ports on the bay. Various expeditions were sent out to examine the feasibility of the route, particularly those under Gordon, Wakeham and Bell. As the result of reports sent in and other evidence obtained, construction of the railway was decided on and work commenced in 1910. The progress was somewhat slow, but continued to the end of 1917 at which time the grade had been completed to the Bay at Port Nelson, a distance of 424 miles from The Pas and rails laid as far as Kettle Rapids, mile 332, the work done including the erection of two large steel bridges over the Nelson. An item of \$1,000,000 was placed in the estimates for 1918 for the purpose of completing the railway by laying the steel for the remaining 92 miles. No work, however, was done during that year, and in 1919 there was nothing in the main estimates for work on the project, the government evidently having turned its attention to more eastern enterprises such as the Trent and Welland canals, which were liberally provided for, and the attitude of the government indicates an intention to abandon the project for the time being at any rate. Over \$20,000,000 have been spent on the railway, and terminal works at the bay.

An engineer on the Hudson Bay Railway decided to take a short trip inland during the fall of 1915 for the purpose of seeing the country and doing a little prospecting. The trip resulted in the discovery of one of the richest copper deposits in the world, and from the Mandy mine there has already been taken out 26,000 tons of sulphide ore averaging 20 per cent. of copper. Within five miles of this and at about the same distance another discovery was made, which after two years of diamond drilling has been shown to contain almost 20,000,000 tons of sulphide at a normal value of from \$8 to \$10 a ton. This property is now widely known as the Flin Flon deposit, and has been optioned to a New York syndicate who have undertaken to spend at least \$20,000 during the next six months in underground workings. Reports all go to show that this is one of the largest deposits on the continent, and no doubt its development will mean the construction of a branch line from the Hudson Bay Railway, the erection of a smelter and the establishment of a large mining camp. These properties are at the western end of a mineral belt stretching for a distance of one hundred and twenty-five miles to the railway. At the eastern end several gold discoveries have been made, and one of them has already become a shipping mine.

Along the line are vast areas of land capable of cultivation. In a 100 mile stretch it is estimated there are 10,000 sq. mile of good arable land, tributary to the railway and in due course this land will be occupied and be productive of bountiful crops.

The present demand for paper is directing attention to the extensive and valuable pulp areas of the north, and particularly to the fact that there are available excellent water power facilities, the Nelson alone being capable of developing three and a half million horse power, and the railway practically parallels this river for the greater part of its length. Then there is always the fur trade which becomes increasingly important as the railway is extended, thus giving greater facilities for bringing

out the season's catch. It is estimated that The Pas will be a market this year for \$2,000,000 worth of furs.

Outside of the opening up of the intervening territory, the line may be fully justified if only for the purpose of connecting the Hudson Bay with the prairies. The products of this great inland sea and the territory adjacent thereto promise in the future to be placed in the first rank among natural resources.

Intervening years have increased the west's confidence in the feasibility and importance of the project. The chief centres of population throughout the prairie provinces are pressing for a direct connection with The Pas, the southern terminus of the road. The C.N.R. is now building northerly from Melfort through the Carrot River Valley, the ultimate object being a short through line from The Pas to Saskatoon and Calgary. The construction of only sixty odd mile of road will make a direct connection with Regina. The people from southern Saskatchewan are urging a line to connect the coal fields of Estevan with the northern route, probably taking in Mooseomin on the way, and there is now a reasonably direct route via Prince Albert to Edmonton.

Besides the west is paying for the road, certain lands having been set aside years ago to provide by their sale a fund for the purpose. An official statement issued about a year ago set out that \$28,000,000 of these lands have been sold, and almost \$13,000,000 already collected. The discontinuance of this national enterprise would mean a serious financial loss by deterioration of the part already constructed. It would mean the stoppage of important developments now in their initial stages. It would also mean a breach of faith with the western provinces.

More Consolidated School Districts

Three New Districts Have Been Erected in Saskatchewan

Since the beginning of the year, three consolidated school districts have been erected in Saskatchewan. This makes a total of 31 consolidations in the province to date.

The last two districts to have their applications for consolidation approved by the minister of education are Netherhill and Khedive, each of which will take in two old districts and parts of others. Tribune held a meeting recently and voted by a large majority for consolidation. It is planned at Tribune to take in three existing districts and the old portions of several others.

Adam must have been swift footed, inasmuch as he was first in the human race.

Glad of the French Army

Theory That Way to Insure Peace by Disarmament Shattered by Events at Berlin

The Paris Temps mentions no names, but it evidently was looking toward the United States when it made the following comment: "If ever the counter-revolution relights the war and costs the lives of French soldiers, we hope that an accounting will be demanded by those people who at the moment when a military dictatorship has established itself in Berlin have nothing better to do than to protest against the alleged accusations as militaristic."

If German developments should force a renewal of the war, the civilized world will have good reason to rejoice that France, at least, has kept up her army, and it may equally be glad that Italy has kept up her army also. It may also be at matter for general congratulation that the United States Senate never has ratified the peace treaty. This country, therefore, is still in an official state of war with Germany and in position to give immediate support to the French, Italians and British in case of need. The two Latin nations would have to rely on us mainly for financial backing, but, if that were promptly granted, with the moral support which such a grant would imply, they probably would be able to handle the military work.

The theory that the way to insure future peace was to begin by renunciations, disarmament and discord among the nations which won the war must have been effectually shattered in most minds by the events at Berlin.

Alberta-Made Tractors

First Tractor Made in Western Canada Produced by Medicine Hat Plant

What is claimed to be the first tractor made in a Western Canadian plant was completed by the Alberta Foundry and Machine Company at Medicine Hat, a few days ago, and sent to Regina, Saskatchewan for demonstration purposes. Several more will be completed this week, and forwarded to Saskatchewan, where the demand for them exceeds the supply. Except for the mechanical oiler, magnet, carburetor and radiator, all of which are patented, the Canadian tractor is manufactured entirely by the Alberta Foundry and Machine Co. It has been tested out thoroughly and found satisfactory. This tractor will haul three plows in breaking and sells at a price which makes it one of the cheapest tractors for its power in Canada.

The company has spent \$150,000 on extra tools and equipment for making these tractors, and the floor space devoted to them totals 30,000 square feet. The complete plant of the company now represents an investment of a quarter of a million dollars.

Some people are always looking for a new kind of mistake to make.

Sir Arthur Currie Tells of Great Work Of Canadian Troops

Canada entered the post war period with the same degree of courage and high sense of honor as she entered the war; and, as in the war she proved herself second to none in war activities, either in the field or at home, earning a proud place beside Great Britain among the civilized nations of the world, so she accepts this place with humility and a deep sense of her duties towards other nations of the world and towards civilization, according to Gen. Sir Arthur Currie, K.C.M.G., K.C.B., Inspector-General and military commander of the Dominion of Canada, speaking at the annual meeting of the Canadian Club in New York.

At this time and in this place it is not fitting to brood over the troubled conditions prevailing throughout the world—what is in store for tomorrow is not known—to use the powerful evocation of General Smuts, "the tents are struck, the camels are loaded, once again the caravan of humanity is on the move," said General Currie.

"Trials and tribulations may be coming, the present social and political status of civilization may be greatly altered before 'the caravan of humanity' pitches its camp again; but, whatever comes, we may be confident that Canada will face the issue squarely, with the resolute courage, foresight and unselfishness earnestness it has shown in the crisis just passed."

General Currie told in detail of the record of the Canadian corps in the world of its continuous and successful fighting during more than 100 days, including the battle of Amiens, Arras and Cambrai, in which period it delivered more than 500 square miles of territory, liberating 228 cities, towns and villages, taking 52,000 prisoners and capturing large numbers

of machine guns, field guns, trench mortars.

During that time, he said, the Canadian corps decisively defeated more than 50 German divisions, approximately one-quarter of the total German forces on the western front; encountered and crushed elements of 17 additional divisions, then marched across Belgium and contributed two of the four British divisions which held a bridgehead in the Rhine area.

Throughout the four years of the war the Canadian corps never permanently lost a gun and in the last two years never failed to capture an objective or to retain those objectives, once consolidated, he reported, adding:

"The extraordinary successes won by the Canadian corps can only be explained by its superior organization and the esprit de corps which united all the component parts of the Canadian forces and made them work all for one, and one for all, with victory only as the ultimate goal."

"By their services and their sacrifice they have created a national tradition which shall forever inspire our people and lift our souls to higher spheres than of material profit and industrial achievement. By their efforts peace has come; by their sacrifice Christianity has endured; by their patriotism and love of country the empire remains inviolate; by their devotion to duty, honor has been preserved. Would that one could say that by their willingness to die, selfishness had disappeared from the world."

"May the peace which has come be a lasting peace, not only a peace between nations, but a peace between families, between communities, between classes, between warring factions in the industrial world and in the political world."

Wireless Telegraphy In British Columbia

First Message Despatched Through The Air Between Vancouver And Victoria

Vancouver and Victoria have been in communication by wireless telephone. The first message ever despatched through the air between the two cities was distinctly heard through a receiving instrument at the court house at Vancouver by a local newspaper man and the wireless operator. The message was spoken into the air from the Parliament buildings in Victoria, where a transmitting apparatus has been installed. By agreement it had been arranged that the establishment of communication was to be tested by repetition of the first ten numerals. The operator heard the first six, then the receiver was transferred to the journalist, who heard the last four.

Distribution of Gopher Poison for Farmers

Offer of Government Applies to Settlers in Local Improvement Districts

Arrangements are now completed by the Saskatchewan department of agriculture for the free distribution of a limited amount of gopher poison to resident settlers in local improvement districts in southwestern Saskatchewan where the gophers have become so numerous as to be a serious menace to the crops. A quantity of poison has been purchased and bona fide farmers should make application to the department at once as it is unlikely that any application will be accepted after May 1.

One of the conditions made is that poison supplied free will be prepared and put out before May 15. Early poisoning is recognized to be by far the most effective means of materially reducing the numbers of the pest before the young appear and the bait is more attractive before the crop shows up much.

Where there is a local Grain Growers' Association application should be made through the secretary. Forms are now being sent out to all secretaries in the unorganized units. One ounce of strychnine will be allowed each quarter section cultivated by the applicant.

Forms may be secured on application to the weeds and seeds branch of the provincial department of agriculture.

Accommodation for Flyers at Calgary

The city of Calgary may erect an aerodrome to accommodate local and long distance flyers this year, the city commissioner having looked favorably upon a request of Capt. Betts, who represented the Aero Club of Canada and the McCall Aero Corporation at a meeting with the city commissioners recently. If arrangements can be made, suitable flying grounds will be leased and a hangar to accommodate at least three airplanes will be erected.

Members of the Ladies' Lacrosse Association playing an exhibition game at Paddington, near London, England.

BAR U AND NAMAKA FARM PERCHERONS

The largest stud of the Purebred Percheron in the World. The A. & Percheron-breeding Farm, Bar U, in Canada. The only one on the American continent from which British horsemen have selected Percheron breeding stock to establish studs in Britain.

Do not let the British breeders come to Canada and carry off all our best foundation stock. Do not be misled with the cheap stallions brought in by irresponsible dealers and stallion peddlers from the United States, when you can buy the best of the best breeding raised right here in Alberta by men that have been in the breeding business for 25 years, and expect to remain in the business for many more years. We have a large number of stallions and mares, and if you cannot choose one from the lot to suit you we will give you every assistance in our power. Write for prices or come to see us. We will meet you and show you the stock at any time.—Address:

GEORGE LANE (Desk B.), CALGARY, ALBERTA

FARMERS BREED PERCHERONS

The only breed of draft horses ever shipped back to England from Canada for breeding purposes were Percherons.

The greatest breed of draft horses in North America are Percherons. The safest investment in draft horses today is Percherons.

A profit to own—a pleasure to handle.

You will make no mistake in your horse breeding this year if you use a Percheron sire.

—A Tonic Will Restore Your Energy

Let us put you in touch with the best Canadian Percheron Breeders. Mention this paper when writing.

William H. Wilson, Secretary (Desk A.), Calgary, Alberta

WANT MORE PEANUT AND OLIVE SANDWICHES

Half pound Fowler's Wantmore Peanut Butter, one dozen olives, stoned and minced, season with lemon juice. Be sure and use Fowler's Wantmore Peanut Butter, as no other peanut butter will make them as good.

Fowler's Cotton Root Compound

A safe, reliable, revivifying medicine in the treatment of all cases of weakness—No. 1. \$1.11 per bottle. Sold by all druggists, or sent direct to you on receipt of price. Free pamphlet. THE COTTON ROOT MEDICINE CO., TORONTO, ONT. (Formerly Welch).

She Wears Nothing Faded and Shabby

But "Diamond Dyes" Her Old Apparel Fresh and New

Don't worry about perfect results. Use "Diamond Dyes," guaranteed to give a new, rich, fadeless color to any fabric; whether it be wool, silk, linen, cotton or mixed goods, dresses, blouses, stockings, skirts, children's coats, feathers, draperies, coverings—everything.

The Direction Book with each package tells how to Diamond Dye over any color.

To match any material, have dealer show you "Diamond Dye" Color Card.

A Different Matter

Countryman (to dentist): "I won't pay anything extra for gold. Just want her out, if it does hurt."

Dentist: "You are plucky, sir, let me see the tooth."

Countryman: "Oh, 'tain't me that's got the toothache; it's my wife. She will be here in a minute."

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the work ahead of you? Do you still cough a little, or does your nose bother you? Are you pale? Is your blood thin and watery? Better put your body into shape. Build strong!

An old, reliable blood-maker and herbal tonic made from wild roots and herbs, is Dr. Pierce's Golden Medical Discovery. This "nature remedy" comes in tablet or liquid form. It will build up your body and protect you from disease germs which lurk everywhere. One of the active ingredients of this temperance alternative and tonic is wild cherry bark with stilling, which is so good for the lungs and for coughs. Also Oregon grape root, blood root, stone root, Queen's root, all skillfully combined in the Medical Discovery. These roots have a direct action on the stomach, improving digestion and assimilation. These herbs extract in the "Discovery" aid in blood-making and are best for scurvy. By improving the blood they fortify the body against an attack of grip or colds.

Catarrh should be treated, first, as a blood disease, with this alternative. Then, additionally, the nose should be washed with Dr. Sage's Catarrh Remedy. Some 100 for trial pkg. of Medical Discovery Tablets or Catarrh Tablets to Dr. Pierce's Laboratory, Bridgeport, Ont.

Dominion Growth

It cannot be too clearly realized that the tremendous help which the British nations overseas have afforded the Allied cause in the late war, so far from making for the centralization of Imperial policy, has given to the separate members of the British Commonwealth such a title as they have never before had to decide their own destinies. That title is suitably recognised in their individual signatures to the Peace Treaty and in their representation on the assembly of the League of Nations.—Manchester Guardian.

A GOOD MEDICINE FOR SPRING USE

Harsh Purgatives Should Be Avoided
—A Tonic Will Restore Your Energy

Not exactly sick, but not feeling quite well. That is the way thousands of people feel in the spring. It is a sign that the trying indoor life of winter has left its mark upon you. Easily tired, appetite fickle, sometimes headaches and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order, and these symptoms may easily develop into more serious trouble.

Do not dose yourself with purgatives as so many people do, in the hope that you can put your blood right. Purgatives gallop through the system and weaken instead of giving strength. Any doctor will tell you that this is true. What you need in the spring is a tonic that will build up the blood and nerves. Dr. Williams' Pink Pills can do this efficiently and surely. This medicine enriches the blood, clears the skin, improves the appetite and makes tired depressed men, women and children bright, active and strong. As an example of the value of these pills we give the statement of Mrs. S. McBurnie, Tatamouche, N.S., who says:—"I have good reason to speak in the highest terms of Dr. Williams' Pink Pills. I was badly run down, failing in weight and suffering from dizzy spells and weakness. In fact my condition was such that I was hardly able to do my household work. A friend advised me to try Dr. Williams' Pink Pills, and after using several boxes there was a noticeable improvement. I continued using the pills for some time longer and found that I had fully regained my old-time health and strength and was able to do my household work without feeling weak and worn out as I did before I began using the pills."

Dr. Williams' Pink Pills can be obtained from any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Minard's Liniment for sale everywhere.

Consolidated

She lay in his arms and snuggled her head against his neck. . . . a rush of emotion surged through her. . . . tenderly he caressed her and she closed her eyes in delight. "Poor kitty. Did I step on your tail?"

From Saskatchewan To Far Off Texas

Saskatchewan Butter Meets With Favor in the United States

Within the last two weeks three carloads of butter have been forwarded to points in the United States from Saskatchewan. Two cars were sent from the North Battleford Creamery to Texas, and one from the Saskatoon creamery to Chicago. The returns for this butter are in excess of what can be secured in Saskatchewan; that is 62 cents a pound, which the creamery charges to the retailers, and which is sold at 75 cents a pound over the counter. With the exchange, as it is higher prices are realized for Saskatchewan butter across the line, and the province is getting one of the best advertisements possible from this product, which has ousted home products.

The creameries officials stated that the company was not making a practice of shipping butter out of the province, except the surplus production. From time to time, however, they were entering other markets to get an idea how the Saskatchewan product compares with the best of other lands, and in every case the company has learned that Saskatchewan butter stands at the top.

It is the intention of the officials to redouble their efforts to get Saskatchewan farmers to produce more milk and cream, for they averred that they could dispose of a carload of butter every day on the Chicago market if this was available. In fact, it was stated, there is no limit to the quantity which could be sold outside the province.

Pluck loses no time on account of hard luck.

"My Back Is So Bad"

PAINS in the small of the back, lumbago, rheumatism, pains in the limbs all tell of defective kidneys.

Poisons are being left in the blood which cause pains and aches.

The kidneys, liver and bowels must be aroused to action by such treatment as Dr. Chase's Kidney Pills.

There is no time for delay when the kidneys go wrong, for such developments as hardening of the arteries and Bright's disease are the natural result.

One pill a dose, 50 cents a box, all dealers, or Hiram Chase, Boston & Co., Ltd., Toronto.

GALT COAL

Hard Coal and Briquettes
ORDERS SOLICITED.

The 101st Anniversary Service of I. O. O. F., will be held in the Union Church on Sunday, May 2nd, Service to commence at 3 p.m. All Oddfellows and Rebekah's are extended a cordial invitation. Members will meet in the Lodge Room at 2 p.m.

On Monday the 19th, inst. there was a meeting of the ratepayers of the Crossfield School District as was duly advertised during the past two weeks, for the purpose of considering necessary repairs and alterations to the School building, the Board went to the expense of getting the advice of an expert together with an estimate of what such repairs would cost.

The very important business of electing a Trustee to fill the vacancy created by the resignation of J. B. McLaren was also attended to.

The two items are of great importance to this District and should command the attention of almost all the ratepayers, and yet, even though this is not a very busy time, there was present at this meeting J. A. McFadyen, Dr. D. W. Whillans, W. McKory, J. G. Adams, C. Calhoun and J. Belshaw; six ratepayers apart from the members of the School Board, there is surely something wrong some place.

Mrs. W. Laut and Mr. J. G. Adams were nominated, Mr. Adams would not stand for election and Mrs. Laut was declared elected to complete the term vacated by J. B. McLaren, which term expires at the next annual meeting.

After discussing the report received from the architect, J. B. Richards, the Board was authorized to deal with it in the best interests of the District.

Wanted Good Milk Cow

Wanted, a Milk Cow, with a Calf at foot, or to come in soon.
Phone. R1209, Crossfield.

Notice to the Public
